You may never have heard of Kingsbury Manx, but this is not a new, wet-behind-the-ears group you'll be listening to. In fact, this album is the group's fourth. One characteristic that may immediately set it apart from previous albums is that this album's tracks are all written by one member.

The album maintains a constant and cohesive tone in its entirety; flowing from track to track easily.

Ultimately, this album will be subject to personal taste. At the least, it has a good, mellow feel to it. It allows you to put it in a CD player, leave the volume down and let the music chill in the background while you read and do homework.
